1 Grundlagen

Unter dem Begriff niveaubestimmende Aufgaben werden im Folgenden differenzierte Aufgabenbeispiele zur Transformation und exemplarischen Illustration von Anforderungen der Lehrpläne in Leistungsanforderungen an Schülerinnen und Schüler verstanden. Die hier dargestellten niveaubestimmenden Aufgaben haben Beispielcharakter und sind nicht zur unreflektierten Übernahme in das Unterrichtsgeschehen, im Sinne von Kopiervorlagen, vorgesehen.

Sie zeigen die Kompetenzentwicklung der Schülerinnen und Schüler nach einem längeren Unterrichtsabschnitt auf, können auch zur individuellen Förderung der Schülerinnen und Schüler eingesetzt werden und sollen ohne spezielles Aufgabentraining lösbar sein.

Die durch die Arbeit mit den niveaubestimmenden Aufgaben entwickelten Kompetenzen befähigen zur Lösung vergleichbarer Aufgaben.

Die Aufgaben werden **Anforderungsbereichen (AFB)** zugeordnet. Es gelten folgende Definitionen für die Anforderungsbereiche:

Anforderungsbereich I (AFB I): Reproduktion

Der Anforderungsbereich I umfasst die sprachlich angemessene Wiedergabe von Gelerntem auf der Grundlage von Sachverhalten und Kenntnissen aus einem Themenbereich, welcher im Lehrplan verbindlich vorgegeben und im Unterricht vermittelt worden ist.

Anforderungsbereich II (AFB II): Reorganisation und Transferleistungen

Der Anforderungsbereich II umfasst das selbstständige Übertragen von Gelerntem auf vergleichbare Situationen und Themen.

Anforderungsbereich III (AFB III): Eigenständige Problemlösungen

Der Anforderungsbereich III umfasst das selbstständige Lösen von Aufgabenstellungen, die nicht Teil des Unterrichtsprozesses waren, jedoch mit bekannten sprachlichen Mitteln und Arbeitstechniken gelöst werden können.

Die drei Anforderungsbereiche können in der Praxis nicht immer eindeutig voneinander getrennt werden, da die Sprachausübung ein komplexer Prozess ist, in dem in den meisten Fällen alle drei Anforderungsbereiche in unterschiedlichem Ausprägungsgrad vorhanden sind. Aus diesem Grund werden in den Aufgabenbeispielen die Anforderungsbereiche benannt, die bei der jeweiligen sprachlichen Tätigkeit dominieren.

Die Aufgaben berücksichtigen die inhalts- und prozessbezogenen Kompetenzen in ausgewogenem Maße. Wie in der didaktischen Konzeption des Lehrplanes ausgeführt, erfolgt die Entwicklung der kommunikativen Kompetenzen in einem situativ- themenbezogenen Unterricht. Aus diesem Grund wurden für die niveaubestimmenden Aufgaben die inhaltsbezogenen Kompetenzen als Gliederungskriterien genutzt.

Only two more days till Christmas. Laura can't wait. She is so excited.

"Oh Laura, I can't help you," her mummy says.

"You should tell Santa Claus. Write a letter and put it up the chimney."

So Laura writes a letter. *Dear Santa,*

Please, come soon. Please, bring me a sweet pet.

I love dogs. I would love a little dog.

Your friend Laura

Laura puts the letter into the fireplace and it goes up the chimney.

Mummy says: "Now the wind will take your letter to Santa."

"I hope Santa will get my letter," Laura says.

On Christmas Eve Laura hangs up her empty Christmas stocking on the mantelpiece before she goes to bed. That night she can't sleep. She is so excited.

In the morning she runs down to the living room.

She shouts: "It's the 25th of December, it's Christmas Day. Santa was here."

She looks around. There is the Christmas tree with lots of presents under it.

Laura looks at her stocking hanging on the mantelpiece. She can see that it is full and heavy. She looks inside. There are lots of sweets, some nuts and an orange.

Laura looks into the fireplace and up the chimney. There is no Santa Claus and there is no little dog. Laura is very sad.

She sits on the floor and cries. Suddenly she hears a soft "woof".

Laura looks around, and behind the curtain she finds another stocking with a sweet little sleepy dog in it. On its head the dog is wearing a Christmas hat.

She picks the dog up in her arms and sings the song "I love Santa".
