

The garden – Transkript

Finally the animals go into the garden. It's a very nice garden. Let's go there.

What does the garden look like?

a) Be quiet. Close your eyes. Listen.

Today is a very fine day. The sun is shining. It is warm. We go into our garden. In our garden there are wonderful red roses and sunflowers. On the trees there are cherries. We lie down in the grass and look into the sky. We hear a bee zzzzzzz. It flies from rose to rose. And we listen to the birds. It's wonderful here.

But our time is up.

Say good-bye to the garden now.

Come back with me into our house.

We come closer and closer and there is the door.

b) Now draw a picture of the garden.
